The diagram illustrates a dependency or call relationship. Two white rectangular boxes on the left represent methods: 'OpenAPI::OAIHttpFileElement::loadFromFile' (top) and 'OpenAPI::OAIHttpFileElement::saveToFile' (bottom). Two blue arrows originate from the right side of these boxes and point towards a single gray rectangular box on the right. This gray box represents the method 'OpenAPI::OAIHttpFileElement::setRequestFileName', indicating that both 'loadFromFile' and 'saveToFile' depend on or call 'setRequestFileName'.
