

```
message_services::models  
::vehicle_status_intent  
::asJsonObject
```

A diagram illustrating a transformation. On the left, a white rectangular box contains the text 'message_services::models', '::vehicle_status_intent', and '::asJsonObject' stacked vertically. A blue arrow points from the right side of this box to the left side of a gray rectangular box on the right. The gray box contains the text 'message_services::models', '::vehicle_status_intent', and '::getCur_distance' stacked vertically.

```
message_services::models  
::vehicle_status_intent  
::getCur_distance
```
