

streets_utils/streets
_signal_phase_and_timing
/include/ntcip_1202_ext
_phasetime.h

```
graph TD; A["streets_utils/streets  
_signal_phase_and_timing  
/include/ntcip_1202_ext  
_phasetime.h"] --> B["netinet/in.h"]; A --> C["string"];
```

The diagram illustrates the dependencies of the header file `streets_utils/streets_signal_phase_and_timing/include/ntcip_1202_ext_phasetime.h`. Two blue arrows point from the header file box to the `netinet/in.h` and `string` boxes, indicating that the header file includes these two libraries.
